

KEEP WARM THIS WINTER!

*Whilst you sizzle in the Summer
sunshine...*

*... get the advice you need to stay
warm this Winter!*

- Do you find it hard to pay your gas and electricity bills?
- Is your home hard to heat?
- Would you like to check you are getting all the benefits and financial help you are entitled to?
- Is keeping warm in winter made more difficult by poor health, having a disability, mental health issues, having young children under 5, or living 'off gas'?

If you answered YES to one of these questions, we can help you through our **Healthy Homes Project** with: advice, benefit claims, switching suppliers, home improvements and loans and grants.

CONTACT: bget@dorsetcommunityaction.org.uk

This project is funded by the British Gas Energy Trust which is an independent charity and a separate legal entity to British Gas.
